BOARD OF TOWN TRUSTEES
TOWN OF SOUTHDOLD

WETLAND or WETLAND-COASTAL EROSION PERMIT
APPLICATION CHECKLIST

Completed Application – DO NOT SUBMIT PAPERWORK WITH PAGES PRINTED BACK-TO-BACK. The original application plus three (3) copies or originals of each: application, survey, site/project plan, photographs, and any other information you wish to submit.

- ☐ Detailed project description (on pages 2, 6, & 16) which must include dimensions or square footage of all proposed and/or existing structures being applied for, please refer to Chapter 275-6.
- ☐ Short Environmental Assessment Form through pg. 3 (Part 2 - for office use only).
- ☐ Authorization Form to be completed and notarized by current property owner(s).
- ☐ Agent Authorization (where applicant is not the owner) to be completed by all current property owner(s).
- ☐ Applicant/Agent/Representative Transactional Disclosure Form to be completed by both the homeowner(s) and the agent/representative.
- ☐ LWRP Consistency Assessment Form.
- ☐ **Survey** of property, please refer to Chapter 275-6.
- ☐ **Project Plan** must be to scale, show all dimensions, and have a side elevation view, please refer to Chapter 275-6 for further details.
- ☐ **Photographs** current photos of subject area, please refer to Chapter 275-6.
- ☐ **Application Fee** for a Wetland Permit is \$250.00. Application fee for a Wetland Permit & a Coastal Erosion Permit is \$500.00. As-Built Fee is double the application fee. Check made payable to: Town of Southold.
 - Upon receipt of a completed application to this office, the applicant is responsible for staking/marking out the proposed project prior to the date of the Board of Trustee Field Inspections.
 - Upon receipt of a completed application to this office, the project will be formally reviewed by the Building Dept. Department Head to determine if the project will require a Variance by the Zoning Board of Appeals. If the project will require a Variance, your application will immediately be tabled with the Board of Trustees for the applicant to apply to the Zoning Board of Appeals through the Building Department. Upon receipt of a Zoning Board of Appeals Determination Letter, the application will be placed onto the next available Board of Trustees Public Hearing.

Chapter 275. Wetlands and Shoreline

Article II. Permits

§ 275-6. Application.

[Amended 10-11-2005 by L.L. No. 17-2005; 2-14-2012 by L.L. No. 3-2012; 10-9-2012 by L.L. No. 12-2012]

A.

Contents of application. A permit may be issued upon the written, verified application of the person proposing to perform operations on wetlands. Three copies of the complete application, including all written descriptions, pictures and surveys, shall be submitted to the office of the Trustees. Such application shall contain the following information:

(1)

The name and address of the applicant and the source of the applicant's right to perform such operations (e.g., whether applicant is the owner, lessee, licensee, contractor, etc.). In all cases where the applicant is not the owner of the premises where such operations are proposed to be conducted, the notarized consent of the owner, duly acknowledged, must be attached to said application.

(2)

At the discretion of the Trustees, a schedule for the proposed activities with a completion date.

(3)

The purpose of the proposed operations.

(4)

The amount of material proposed to be removed or deposited, and/or the type, size and location of any proposed structure.

(5)

A description of the area from which the removal or in which the deposit of material is proposed, or in which structures are to be erected. The description shall be appropriately referenced to a permanent reference point or monument.

(6)

The depth to which the removal or the deposit of material is proposed throughout the area of operations, and the proposed angle of repose of all slopes.

(7)

The manner in which the material will be removed or deposited, or structures erected.

(8)

Such application shall be accompanied by a survey and topographical map, created no more than five years prior to the date of application, with contours at two-foot intervals, showing all wetlands within a two-hundred-foot radius of the area from which the removal or in which the deposit of materials is proposed, or in which structures are to be erected, certified by a registered land surveyor or registered professional engineer licensed by the State of New York. Such survey and topographical map shall show the soundings of the area in which operations are proposed to be conducted. The horizontal control of said survey shall be based on an approved local coordinate system. The vertical control for elevations shall be based on the United States Coast and Geodetic Survey datum.

(9)

A statement of the effect, if any, on the wetlands and tidal waters of the Town that may result by reason of such proposed operations.

(10)

A statement describing any known prior operations conducted on the premises in question and whether any prior licenses or permits have been issued to erect structures or to dredge or deposit fill on said premises and whether any such permits or licenses were ever revoked or suspended by a governmental agency.

(11)

Documentary proof of permits that have been applied for, are pending, and have been granted, including but not limited to NYSDEC, Suffolk County Health Department, USACOE.

(12)

A description of how the proposed activities will be mitigated, including erosion control, replanting and restoration, designated points of access. All proposed operations will be clearly defined on a survey and described in a project narrative. The Trustees reserve the right to require specific replanting and restoration methods. Any replanting and restoration guidelines shall be in keeping with guidelines set by the Town of Southold.

(13)

Current photos of the subject area showing the proposed area of operations from at least two opposite directions. Each photo should be labeled with the date, time and direction. The location of the photos shall be noted on the survey, project plan or provided on a separate sketch map.

(14)

Drainage upgrade. In addition to the requirements of Chapter 236, nonadministrative applications may require submittal of a drainage upgrade plan. This plan must indicate how all existing and proposed on-site drainage from a two-inch rainfall is retained within the subject parcel landward of the wetland boundary. Retention can include, but is not limited to, infiltration or impoundment. All drainage plans shall show the calculations used to develop the plan. At the discretion of the Board, said plans may require certification from a licensed engineer.

(15)

All permit applicants shall submit to the Board of Trustees an affidavit signed by the owner of the project property which indemnifies and saves harmless the Town of Southold from any claims arising out of or connected with operations under the permit and from all acts, omissions,

commissions or negligence on the part of the applicant, his agents or employees, in such form as shall be approved by the Town Attorney.

(16)

An ethical disclosure statement as provided by the Town of Southold relating to applications for permits and other governmental requests.

(17)

A statement indicating that submission of false information will result in rejection of the application and may subject the applicant to criminal sanctions.

(18)

A completed Local Waterfront Revitalization Program Consistency Assessment Form.

(19)

A stormwater management control plan consistent with the requirements of Chapter 236, Stormwater Management, of this Code, if required. The Stormwater Management Control Plan shall meet the performance and design criteria and standards in Chapter 236, Stormwater Management.

B.

Waiver of certain requirements. The Trustees, upon request of the applicant for a permit, may waive, in whole or in part, the provisions of Article II, § 275-6A(8), (11) or (14), or § 275-11A(2), where it finds that the nature of the proposed operations is such that the requirements of such provisions are not necessary for a proper consideration of a permit application. The resolution providing for the waiver shall clearly indicate why the waiver was granted.

Notwithstanding the foregoing, a waiver of the requirements of § 275-6A(14) shall not relieve the applicant of the obligations to comply with the requirements of Chapter 236.

§ 275-7. Fees.

A.

Every nonadministrative application for a wetlands permit filed with the office of the Trustees shall be accompanied by a filing fee of \$250, which includes the first site visit, no portion of which shall be refundable. The fee for an administrative permit shall be \$100. For activities or operations that have been previously built without a permit, the fee will be doubled. If a preapplication site visit is requested, the fee shall be \$50, which may be applied to an application fee for a wetlands permit made within six months of the site visit and which application involves activities that were the subject of the site visit.

[Amended 10-11-2005 by L.L. No. 17-2005; 10-9-2012 by L.L. No. 12-2012]

B.

In addition to the filing fee, the Trustees, upon the adoption of a resolution authorizing the issuance of a permit, shall determine the amount of the inspection fees to be paid by the applicant to the Clerk upon the issuance of a permit. Inspection fee costs will be based on \$50 per site visit.

C.

Pursuant to New York State law, all costs incurred by the Town for SEQRA review shall be paid by the applicant.

D.

Consultant fee. The Board, at its discretion, depending on the scale and potential impact of proposed operations, is authorized to require the posting of a consultant fee by an applicant. This fee shall be used to hire an independent, expert consultant to investigate the site for the proposed project and to examine the plans or other information submitted by the applicant to assist the

Board in evaluating potential adverse impacts upon a resource area by the proposed project. The Board, in its discretion, will determine whether the complexity of the activity, the difficulty in determining the threat to the resource areas or the size of the request or project involves and requires more information and analysis than can reasonably be supplied to the Board without independent technical professional assistance.

(1)

The Board may require the payment of the consultant fee at any time in the deliberations prior to a final decision.

(2)

The consultant fee may be required for expert opinion regarding, but not limited to, wetland resource area surveys and delineations, analysis of resource area values, wetland resource area reports, hydrological and drainage analysis, wildlife habitat analysis, shellfish surveys, and environmental land use law, or any of the following:

(a)

Placement, removal or grading of at least 50 cubic yards of material;

(b)

Five hundred square feet or greater alteration of a resource area;

(c)

Shoreline or bank alteration to a coastal or inland waterway;

(d)

Five hundred square feet or greater alteration to land in a naturally vegetated condition that constitutes a resource buffer area.

(e)

Discharge of any pollutants into or contributing to surface or groundwater of the resource area;

(f)

Construction of any stormwater control facility, or water control structure.

E.

Dock and float fee. Every application for a new dock or float shall include a fee to be set by the Town Board. Commercial docks are any structures that are rented, leased or otherwise used to generate income, including, but not limited to, those structures located on properties zoned MI and MII.

[Added 10-11-2005 by L.L. No. 17-2005; amended 3-23-2010 by L.L. No. 1-2010; 10-9-2012 by L.L. No. 12-2012]

F.

Dredging fee. Every application for a permit for dredging within Town-owned underwater lands shall include a fee as set by the Town Board based on the amount of cubic yard of dredge spoil to be removed.

[Added 12-18-2007 by L.L. No. 23-2007]

Chapter 55

PUBLIC HEARINGS, NOTICE OF

§ 55-1. Providing notice of public hearings.

[HISTORY: Adopted by the Town Board of the Town of Southold 12-27-1995 by L.L. No. 25-1995. Amendments noted where applicable.]

§ 55-1. Providing notice of public hearings. [Amended 6-3-2003 by L.L. No. 12-2003]

Whenever the Code calls for a public hearing this section shall apply. Upon determining that an application or petition is complete, the board or commission reviewing the same shall fix a time and place for a public hearing thereon. Notice relating to a public hearing on an application or petition shall be provided as follows:

- A. Town responsibility for publication of notice. The reviewing board or commission shall cause a notice giving the time, date, place and nature of the hearing to be published in the official newspaper within the period prescribed by law.
- B. Applicant or petitioner responsibility for posting and mailing notice. An application or petition, initiated, proposed or requested by an applicant or petitioner, other than a Town board or commission, shall also be subject to additional notice requirements set forth below:
 - (1) The applicant or petitioner is required to erect the sign provided by the Town, which shall be prominently displayed on the premises facing each public or private street which the property involved in the application or petition abuts, giving notice of the application or petition, the nature of the approval sought thereby and the time and place of the public hearing thereon. The sign shall be set back not more than 10 feet from the property line. The sign shall be displayed for a period of not less than seven days immediately preceding the date of the public hearing. The applicant, petitioner or his/her agent shall file an affidavit that s/he has complied with this provision prior to commencement of the public hearing.
 - (2) The applicant or petitioner is required to send notice to the owners of record of every property which abuts and every property which is across from any public or private street from the property included in the application or petition. Such notice shall be made by certified mail, return receipt requested, posted at least seven days prior to the date of the initial public hearing on the application or petition and addressed to the owners at the addresses listed for them on the local assessment roll. The notice shall include description of the street location and area of the subject property, nature of relief or approval involved, and date, time and place of hearing. The applicant, petitioner or agent shall file an affidavit that s/he has complied with this provision prior to commencement of the public hearing.

Instructions for Completing

Part 1 - Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 - Project and Sponsor Information			
Name of Action or Project:			
Project Location (describe, and attach a location map):			
Brief Description of Proposed Action:			
Name of Applicant or Sponsor:		Telephone:	
		E-Mail:	
Address:			
City/PO:		State:	Zip Code:
1. Does the proposed action only involve the legislative adoption of a plan, local law, ordinance, administrative rule, or regulation?			NO
If Yes, attach a narrative description of the intent of the proposed action and the environmental resources that may be affected in the municipality and proceed to Part 2. If no, continue to question 2.			YES
			<input type="checkbox"/>
			<input type="checkbox"/>
2. Does the proposed action require a permit, approval or funding from any other governmental Agency?			NO
If Yes, list agency(s) name and permit or approval:			YES
			<input type="checkbox"/>
			<input type="checkbox"/>
3.a. Total acreage of the site of the proposed action? _____ acres			
b. Total acreage to be physically disturbed? _____ acres			
c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor? _____ acres			
4. Check all land uses that occur on, adjoining and near the proposed action.			
<input type="checkbox"/> Urban <input type="checkbox"/> Rural (non-agriculture) <input type="checkbox"/> Industrial <input type="checkbox"/> Commercial <input type="checkbox"/> Residential (suburban)			
<input type="checkbox"/> Forest <input type="checkbox"/> Agriculture <input type="checkbox"/> Aquatic <input type="checkbox"/> Other (specify): _____			
<input type="checkbox"/> Parkland			

5. Is the proposed action,	NO	YES	N/A
a. A permitted use under the zoning regulations?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
b. Consistent with the adopted comprehensive plan?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape?	NO	YES	
	<input type="checkbox"/>	<input type="checkbox"/>	
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?	NO	YES	
If Yes, identify: _____	<input type="checkbox"/>	<input type="checkbox"/>	
8. a. Will the proposed action result in a substantial increase in traffic above present levels?	NO	YES	
	<input type="checkbox"/>	<input type="checkbox"/>	
b. Are public transportation service(s) available at or near the site of the proposed action?	<input type="checkbox"/>	<input type="checkbox"/>	
c. Are any pedestrian accommodations or bicycle routes available on or near site of the proposed action?	<input type="checkbox"/>	<input type="checkbox"/>	
9. Does the proposed action meet or exceed the state energy code requirements?	NO	YES	
If the proposed action will exceed requirements, describe design features and technologies: _____	<input type="checkbox"/>	<input type="checkbox"/>	
10. Will the proposed action connect to an existing public/private water supply?	NO	YES	
If No, describe method for providing potable water: _____	<input type="checkbox"/>	<input type="checkbox"/>	
11. Will the proposed action connect to existing wastewater utilities?	NO	YES	
If No, describe method for providing wastewater treatment: _____	<input type="checkbox"/>	<input type="checkbox"/>	
12. a. Does the site contain a structure that is listed on either the State or National Register of Historic Places?	NO	YES	
b. Is the proposed action located in an archeological sensitive area?	<input type="checkbox"/>	<input type="checkbox"/>	
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain wetlands or other waterbodies regulated by a federal, state or local agency?	NO	YES	
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?	<input type="checkbox"/>	<input type="checkbox"/>	
If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres: _____	<input type="checkbox"/>	<input type="checkbox"/>	
14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply: <input type="checkbox"/> Shoreline <input type="checkbox"/> Forest <input type="checkbox"/> Agricultural/grasslands <input type="checkbox"/> Early mid-successional <input type="checkbox"/> Wetland <input type="checkbox"/> Urban <input type="checkbox"/> Suburban			
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or Federal government as threatened or endangered?	NO	YES	
	<input type="checkbox"/>	<input type="checkbox"/>	
16. Is the project site located in the 100 year flood plain?	NO	YES	
	<input type="checkbox"/>	<input type="checkbox"/>	
17. Will the proposed action create storm water discharge, either from point or non-point sources?	NO	YES	
If Yes,	<input type="checkbox"/>	<input type="checkbox"/>	
a. Will storm water discharges flow to adjacent properties? <input type="checkbox"/> NO <input type="checkbox"/> YES			
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)? <input type="checkbox"/> NO <input type="checkbox"/> YES			
If Yes, briefly describe: _____			

18. Does the proposed action include construction or other activities that result in the impoundment of water or other liquids (e.g. retention pond, waste lagoon, dam)? If Yes, explain purpose and size: _____	NO	YES
_____	<input type="checkbox"/>	<input type="checkbox"/>
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility? If Yes, describe: _____	NO	YES
_____	<input type="checkbox"/>	<input type="checkbox"/>
20. Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or completed) for hazardous waste? If Yes, describe: _____	NO	YES
_____	<input type="checkbox"/>	<input type="checkbox"/>
I AFFIRM THAT THE INFORMATION PROVIDED ABOVE IS TRUE AND ACCURATE TO THE BEST OF MY KNOWLEDGE		
Applicant/sponsor name: _____ Date: _____		
Signature: _____		

Part 2 - Impact Assessment. The Lead Agency is responsible for the completion of Part 2. Answer all of the following questions in Part 2 using the information contained in Part 1 and other materials submitted by the project sponsor or otherwise available to the reviewer. When answering the questions the reviewer should be guided by the concept "Have my responses been reasonable considering the scale and context of the proposed action?"

	No, or small impact may occur	Moderate to large impact may occur
1. Will the proposed action create a material conflict with an adopted land use plan or zoning regulations?	<input type="checkbox"/>	<input type="checkbox"/>
2. Will the proposed action result in a change in the use or intensity of use of land?	<input type="checkbox"/>	<input type="checkbox"/>
3. Will the proposed action impair the character or quality of the existing community?	<input type="checkbox"/>	<input type="checkbox"/>
4. Will the proposed action have an impact on the environmental characteristics that caused the establishment of a Critical Environmental Area (CEA)?	<input type="checkbox"/>	<input type="checkbox"/>
5. Will the proposed action result in an adverse change in the existing level of traffic or affect existing infrastructure for mass transit, biking or walkway?	<input type="checkbox"/>	<input type="checkbox"/>
6. Will the proposed action cause an increase in the use of energy and it fails to incorporate reasonably available energy conservation or renewable energy opportunities?	<input type="checkbox"/>	<input type="checkbox"/>
7. Will the proposed action impact existing:	<input type="checkbox"/>	<input type="checkbox"/>
a. public / private water supplies?	<input type="checkbox"/>	<input type="checkbox"/>
b. public / private wastewater treatment utilities?	<input type="checkbox"/>	<input type="checkbox"/>
8. Will the proposed action impair the character or quality of important historic, archaeological, architectural or aesthetic resources?	<input type="checkbox"/>	<input type="checkbox"/>
9. Will the proposed action result in an adverse change to natural resources (e.g., wetlands, waterbodies, groundwater, air quality, flora and fauna)?	<input type="checkbox"/>	<input type="checkbox"/>

	No, or small impact may occur	Moderate to large impact may occur
10. Will the proposed action result in an increase in the potential for erosion, flooding or drainage problems?	<input type="checkbox"/>	<input type="checkbox"/>
11. Will the proposed action create a hazard to environmental resources or human health?	<input type="checkbox"/>	<input type="checkbox"/>

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
- ☐ Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.

Town of Southold

LWRP CONSISTENCY ASSESSMENT FORM

A. INSTRUCTIONS

1. All applicants for permits* including Town of Southold agencies, shall complete this CCAF for proposed actions that are subject to the Town of Southold Waterfront Consistency Review Law. This assessment is intended to supplement other information used by a Town of Southold agency in making a determination of consistency. **Except minor exempt actions including Building Permits and other ministerial permits not located within the Coastal Erosion Hazard Area.*
2. Before answering the questions in Section C, the preparer of this form should review the exempt minor action list, policies and explanations of each policy contained in the Town of Southold Local Waterfront Revitalization Program. A proposed action will be evaluated as to its significant beneficial and adverse effects upon the coastal area (which includes all of Southold Town).
3. If any question in Section C on this form is answered "yes" or "no", then the proposed action will affect the achievement of the LWRP policy standards and conditions contained in the consistency review law. **Thus, each answer must be explained in detail, listing both supporting and non-supporting facts.** If an action cannot be certified as consistent with the LWRP policy standards and conditions, it shall not be undertaken.

A copy of the LWRP is available in the following places: online at the Town of Southold's website (southoldtown.northfork.net), the Board of Trustees Office, the Planning Department, all local libraries and the Town Clerk's office.

B. DESCRIPTION OF SITE AND PROPOSED ACTION

SCTM# _____ - _____ - _____

PROJECT NAME _____

The Application has been submitted to (check appropriate response):
